

March 23-26, 2010

Best of the Best: Apollo Regional Training
 Hosted by: Emerging Health Information
 Technology - Yonkers, NY
<http://www.emerginghealthit.com>

Apollo Systems "Best of the Best"

A special, two-day agenda focusing on Apollo system fundamentals. This best-of-the-best will include topics like selection set maintenance, security, customized parent/child relationships, and much more.

Tuesday, March 23rd

8:30 AM - 12:00 PM	<ul style="list-style-type: none"> • Introductions • Apollo Structure & Components Review • Creating Data Consistency
12:00 PM	Lunch Break
1:00 PM - 4:00 PM	<ul style="list-style-type: none"> • Writing Field Controls & Definitions • Using Parent/Child Relationships to Increase Accuracy & Consistency

Wednesday, March 24th

8:30 AM - 12:00 PM	Apollo Security
12:00 PM	Lunch Break
1:00 PM - 4:00 PM	Picklists & Word Reports

Apollo Data Output "Best of the Best"

Experience two-days of hands-on querying of the Apollo database. Focus will be on the various data extraction tools of Microsoft Access. A must for any database administrator!

Thursday, March 25th

8:30 AM - 12:00 PM	<ul style="list-style-type: none"> • Apollo Table Structure & Relationship Review • Basics of Data Output • Using Basic Queries to Retrieve Data from Apollo
12:00 PM	Lunch Break
1:00 PM - 4:00 PM	Advanced Queries

Friday, March 26th

8:30 AM - 12:00 PM	Complex Queries
12:00 PM	Lunch Break
1:00 PM - 4:00 PM	Access Reports

Who will benefit most from Systems training?

- The Apollo Administrator with little or no formal training provided by LUMEDX
- The Database Administrator with little or no experience with Microsoft Access or query writing

After this training you will be able to:

- Create patient reports
- Extract data from the Apollo structure

Who will benefit most from Data Output training?

- Anyone who desires to go beyond the basics of Apollo canned reports
- Data Analyst who need to develop customized queries and reports

After this meeting you will be able to:

- Write queries
- Understand the differences between various data output tools
- Add custom queries to Apollo Data Analysis

Training Costs:

Entire 4-day Training Session: \$2,100.00
 2-Day Apollo Toolkit Session: \$1,200.00
 2-Day Apollo Output Session: \$1,200.00

In an ongoing effort to provide our clients with as many localized Apollo training opportunities as possible, we are always looking for potential host facilities. Please contact your Client Manager or joellem@lumedx.com if your facility would be interested in hosting a future Regional Training.
